Invitation

Dear Friends,

Over the past seven years, The India EUS Summit has evolved as amongst the best EUS programs in these parts of the World, as attested by the increasing enthusiasm and anticipation for this program. We will continue our usual theme of practical approach to utilization of diagnostic and interventional EUS in 2022. There will be live cases and hand-on training on models, in addition to lectures by National and International experts.

Utilization of EUS has increased tremendously in India over the past decade or so, and we believe that India EUS Summit plays an important part in this growth with an annual update of the latest in diagnostic and Interventional EUS.

April is the best month for Mumbai weather, and I am sure you will enjoy the cultural feast that this great city has to offer.

We are looking forward to welcoming you in April 2026.

Warm Regards,

Dr. Vinay Dhir
Course Chairman

Dr. Vivek Kumar Singh
Course Organiser

Dr. Anmol Virani
